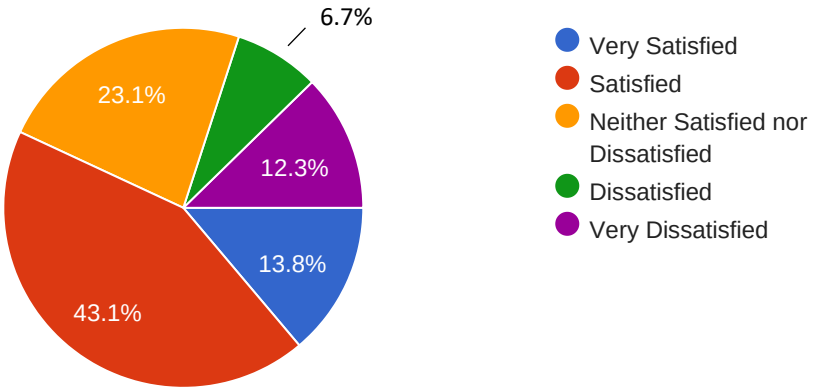
5th GRADE PARENT SURVEY MAY 2020

66 responses

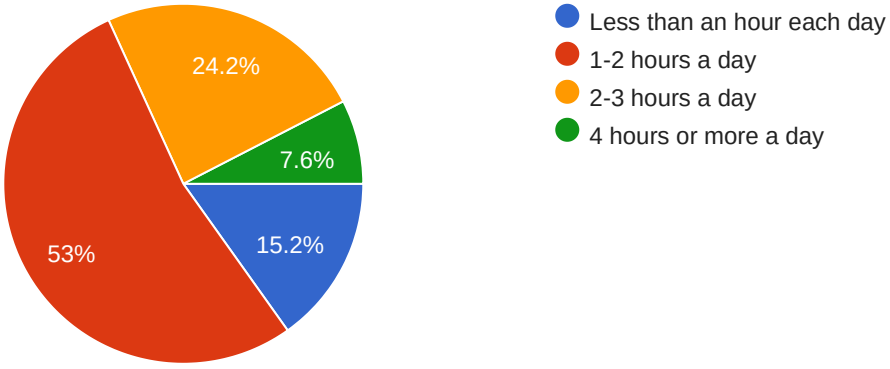
How would you rate your child's overall experience with distance learning during school closure this spring?

65 responses



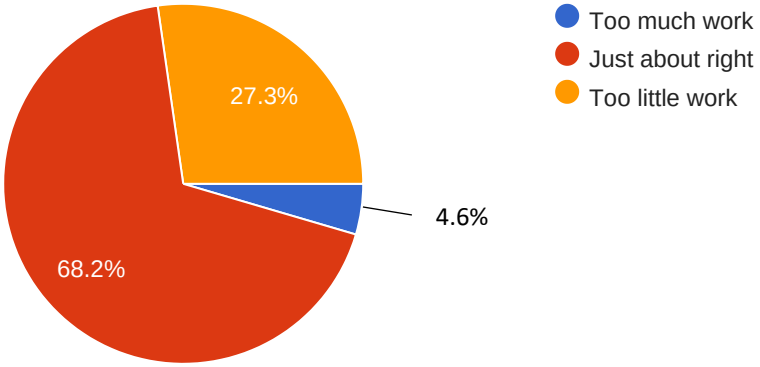
Approximately how much time each day did your child spend completing learning activities assigned by their teachers?

66 responses



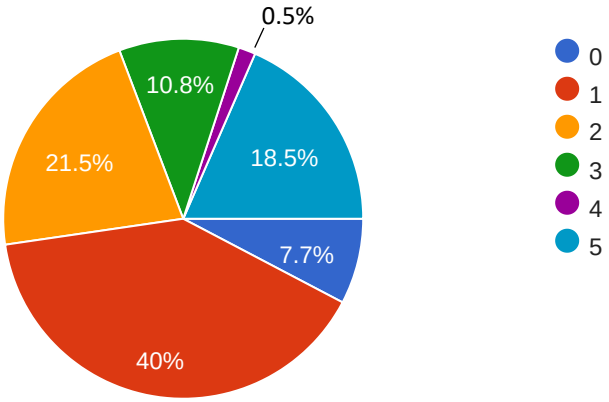
I considered the workload given to my student to be

66 responses



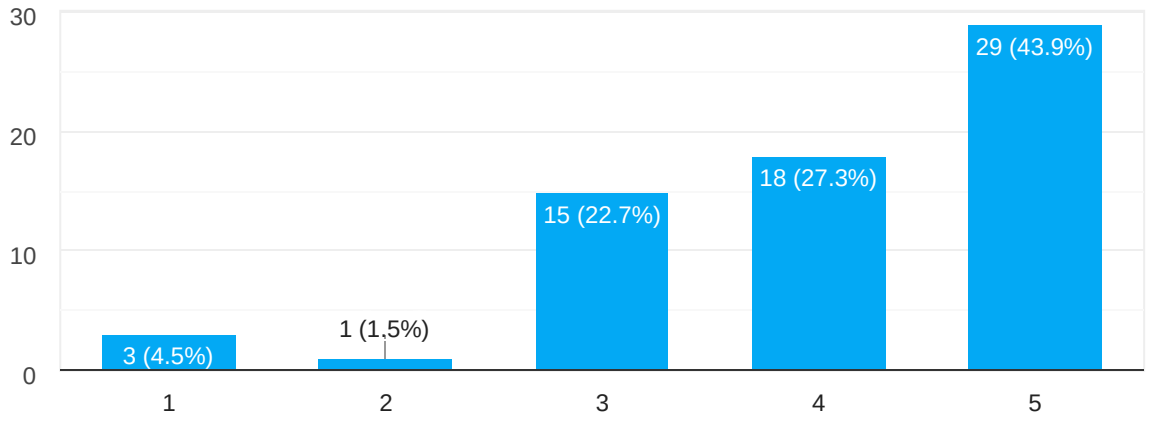
How many days per week was your child engaged by their teacher? (Teacher taught a lesson or did a Zoom meeting with your child)

65 responses



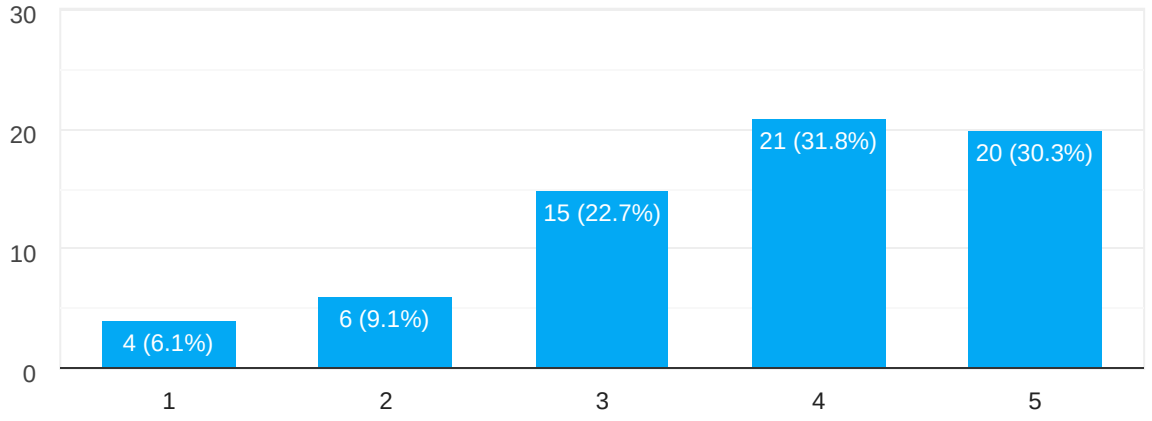
Please rate the communication you received from your teacher during school closure. A 5 indicates the teacher went well beyond expectations and a 1 indicates that the communication was not adequate to support my student.

66 responses



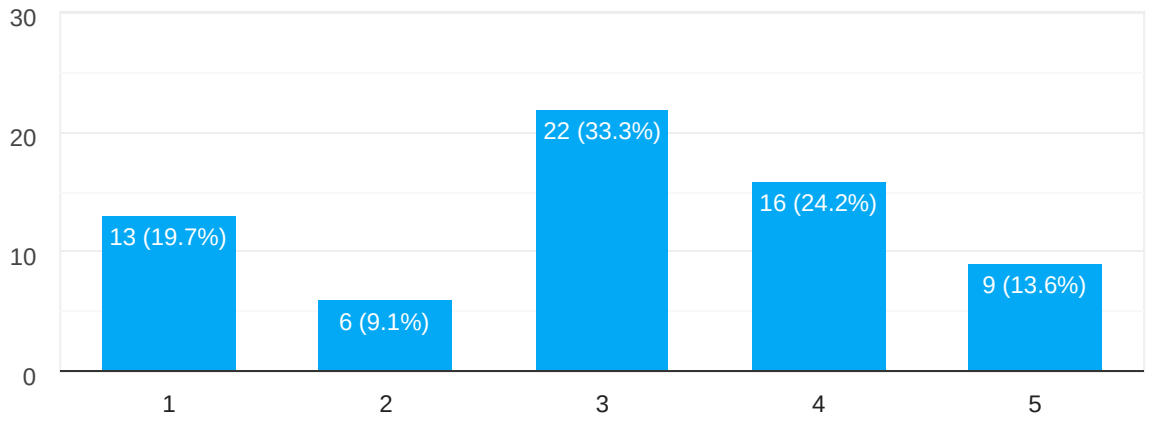
Please rate the communication you received from your Principal during school closure. A 5 indicates the principal went well beyond expectations and a 1 indicates that the communication was not adequate.

66 responses



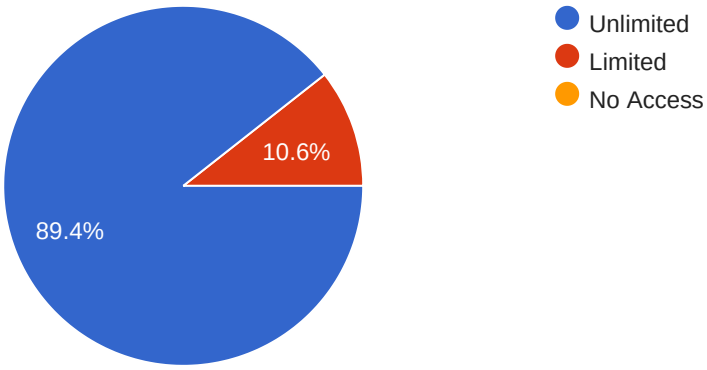
Please rate the communication you received from the Superintendent during school closure. A 5 indicates the superintendent went well beyond expectations and a 1 indicates that the communication was not adequate.

66 responses



During school closure, my child's access to the internet was:

66 responses



Assignments for my child during school closure were completed:

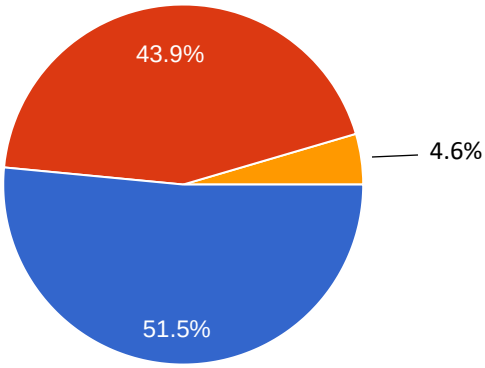
NEXT SCHOOL YEAR

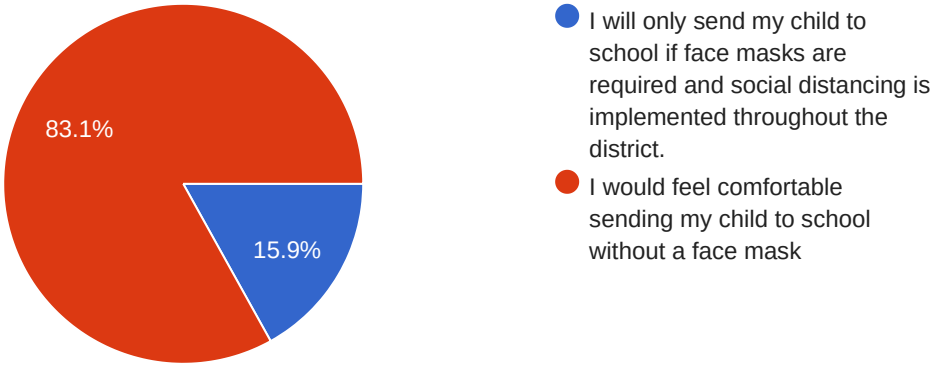
Looking ahead to next school year,

66 responses



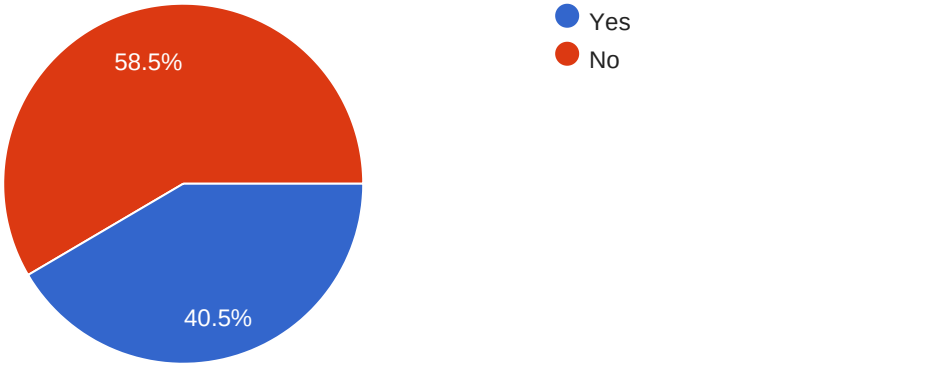
Regarding face masks in school,

65 responses



I would support an alternating day or half day scenario as suggested in a recent draft plan put out by the Ohio Department of Education for opening schools in the fall.

65 responses



Next school year, we are moving all K-12 students onto one educational platform called Schoology. Students and parents will access assignments and communications through this one portal. This will allow more consistency year to year for students, parents and teachers in their ability to communicate, view assignments and different resources. As a parent, I would want a training session on this new platform.
